

Student Council Minutes – 14th April 2008

Present:

- (Undisclosed)

Excellent attendance **BUT** unfortunately one form was missing.

1. Uniform

The Manor Uniform has been under much discussion. The staff, governors and pupils expect the following uniform to apply at all times when in school.

2. Planners

We were shown some samples of possible designs for next year's planner but we want to know what you think should be included. Which sections of your planner do you not use? What would you like included in their place?

3. Student Website

Back at Christmas there was a Christmas decoration design competition. The winners were put forward to work with the design company Abovo Creations to design a new, student run website for Manor CC. This website is completely separate to the schools one. Attached is an example we saw during the meeting but we want your feedback.

What do you think? Does it have everything you want it to have? What suggestions do you have for the website? Answer these questions on the back of this sheet please.

4. Sustainable Schools

Manor CC has been asked to consider how we can make our school more sustainable and environmentally friendly. There are two sections to this task.

- a. With your form create a spider diagram of ideas to make our school more sustainable.
- b. Select 1 member from your form to act as an environmental officer for your group (this does not need to be a member of SC). This person will be on a committee helping Manor become a nicer and more efficient place (possibly involved in a radio station project).

5. Student Council Attendance

Attendance at SC has been excellent in recent weeks and this has enabled us to be involved in various activities e.g. Deputy Principal interviews, local youth worker interviews, UK youth Parliament elections etc. Please continue to make sure your form is represented at SC. Please return these minutes to KM ASAP.

Date of the next meeting: Monday 28th April 2008
